INTRODUCTION

Dear students, welcome to the Buddhist studies course!

This course is for the primary students or for the secondary students new to Buddhism. The course is designed to help you in both your school studies and daily life. It is free of cost, except for a small donation to help cover the cost of your study materials.

Before you start this course you should:

Read the Biography of the Buddha, and look through the workbook (see the course materials in the next section), to make sure that you really would like to do this course.

Read the Buddhist 5 Precepts in the course textbook, and be willing to learn them and live by them in your daily life.

COURSE OUTLINE

The course will be conducted over one school year, with 8-9 study periods (classes) per term. The course will follow the syllabus suggested by the Buddhist Council of NSW.

Syllabus

The introductory-level syllabus consists of 13 core topics, and 2 electives of your choice or taken from the suggested list below.

The core syllabus topics are:

1. Introduction to Buddhism – short overview
2. Life Story of the Buddha – Childhood
3. Life Story of the Buddha - Married Life
4. Life Story for the Buddha – In Search of Truth
5. Life Story of the Buddha - The First Discourse and the Four Noble Truths
6. Good and Bad, and Five Precepts
7. Impermanence of Life
8. Loving-kindness
9. Law of Kamma
10. Triple Gem
11. History of the Dhamma and Sangha
12. Buddhist Holy Sites, Festivals and Rituals
13. Buddhist Architecture and Art

The suggested electives are:

1. Buddha's disciples
2. Women in Buddhism
3. Three main Buddhist traditions - similarities and differences
4. Buddhist chants and music
5. Buddhist literature
6. Buddhist architecture
7. Buddhist art
8. Buddhism and environment
9. Buddhism and global peace

Materials

We will be using the following textbooks:

Biography of Sakyamuni Buddha – A Colouring Book

Biography of Sakyamuni Buddha for Children

Buddhist Studies for Young Students – Primary Level.

Hard copies of these books can be obtained free from the Buddhist Council of NSW. Pdf files can be downloaded from the BodhiTree website and printed at home (see References).

Other study materials that you will need are your school atlas and dictionary, an unlined paper exercise book, and art resources (paper, colour pencils, scissors, glue).

Internet access is also desirable, but not necessary for you to do this course.

Class structure

Typically, the class will begin with a few minutes of silence, loving-kindness meditation or mindfulness of breathing. Then we will briefly review the previous work, and do new activities. Finally we will summarise what we have learnt and you will be given tasks for the next class. Typically you will be asked to review parts of the Buddha's biography and contemplate on selected questions from your textbook, before each class.

COURSE TIMETABLE

The timetable below contains a basic course plan. Electives and some other activities we will chose together. You should then write them in the empty boxes. Your weekly homework is to read the Textbook lesson for the next class and do the activities your teacher will ask you to do. (In the timetable below, C means Class and TL means Textbook Lesson.)
